

Notice of Entry

Dear Resident:

We have hired Vent Care, our dryer vent cleaning company to clean the dryer vent in your apartment.

This procedure will insure you are getting maximum energy efficiency from your dryer, reducing drying time, and eliminating the threat of a fire from lint buildup. They will also make sure the vent itself is in proper condition and has a secure connection.

Your apartment is scheduled to be cleaned on_____. All work will begin at 8am and finish at 5pm. They will be cleaning multiple units on this day and will not be able to accommodate specific individual appointment times. Please make sure there is access to your clothes dryer. Remove anything placed on top and surrounding the dryer.

Thank you for your cooperation in this matter.

Sincerely,
